

Dear Valued Customer,

LPG surcharge - effective 15 April 2026

We would like to inform you of upcoming adjustments to our LPG pricing.

BOC will be moving from existing LPG price adjustments to a consistent monthly pricing schedule, aligned with the Saudi Contract Price (CP).

The Saudi CP—set monthly by Saudi Aramco—is the key benchmark used across the Asia-Pacific region for LPG supply.

These benchmark prices are used globally because they reflect real market conditions, including supply, demand, seasonal trends, and global energy movements.

There is no action required from you. These changes will automatically take effect.

Your LPG price will be posted in your My Account page on the BOC website and will be current at the time of delivery. Please regularly log in to your BOC My Account page and monitor any changes in your rates for LPG.

If you have any questions or concerns, please contact your account manager or our customer service team on **131 262** or contact@boc.com.

Kind Regards,

Joshua Kerr – Energy Product Manager
